**Building Energy
Consulting with
Over 20 Years of
Experience**

Abbey Technical Services has been providing energy consultations & T-24 energy compliance documentation for over 20 years. Abbey Technical Services has developed a well-known reputation for providing affordable & straight-forward energy consultation with the most current information to its clients regarding legislation, conservation and development of energy efficiency measures in California. Anne M. McQueeney, the current owner, is a Certified Energy Analyst, Certified Energy Plans Examiner, and a Member of the California Association of Energy Consultants. Abbey Technical Services also has knowledgeable energy consultants: Neva S. Holladay & Diane Knight.
